## Higher Education Without Cost

## A TAILOR MADE CAREER

University training for sons and daughters and their future careers is invariably a problem to most parents in Canada. Usually the choice of careers is left up to the young man or young woman. But generally it's father who is stuck with the bill.

A university education is expensive. Costs have risen steadily over the years and the end is not in sight. Some financial assistance in the forms of scholarships, bursaries, provincial loans, and grants is available to the student of high ability and to the student who can show need. Even the total bill is not covered by these means. Many students of average ability are not eligible for this type of assistance. In the main, the majority of students who can't expect help from home, find their years at university a financial struggle.

Canada's Armed Forces offer the only complete solution to this financial dilemma. University and Services Colleges subsidizing plans, designed to train young men for careers in Canada's Armed Forces, are available to all students in Canada. All Army personnel with sons eligible for university training and the young men themselves, would be remiss if they did not thoroughly investigate these subsidization plans.

This article is an attempt to outline some of the more important features of the Regular Officers' Training Plan (ROTP), and the Canadian Forces Medical Undergraduate 45 Month Subsidization Plan.

## Regular Officer Training Plan

This plan is designed to train young men as future highly qualified officers in the Canadian Army (Note—ROTP is a Tri-Service Plan). The choice of service is the applicant's own responsibility. ROTP, insofar as the Army is concerned, will only be discussed. It should be understood that ROTP is a plan for a full service career. However, machinery does exist for release or voluntary withdrawal during the period of cadet training or on completion of three years' full duty as a commissioned officer.

Both junior and senior matriculants may apply. The former receive a maximum of five years of subsidization; the latter receive four years of subsidization. Junior matriculants will be brought up to senior matriculation level in the first year at either a civilian university or affiliated college, or at CMR (College Militaire Royal De Saint-Jean).

To be eligible, applicants must possess the following qualifications: Must be a Canadian citizen, or British subject, or landed immigrant; must be single; must be medically fit; must not be older than 20 for a junior matriculant and 21 for a senior matriculant on the first of January of the year of entrance.

Academic training is provided at one or more of the Canadian Services Colleges or any civilian Uni-

## LETTERS TO THE EDITOR

Dear Sir:

I would very much appreciate it if through your paper you could make our Branch of the Canadian Legion known to your readers. I am particularly interested in reaching the wives of the soldiers who served in the Women's Services during the war and who are therefore ex-service women.

We are known as the Edmonton Ex-service Women's Branch No. 215 of the Canadian Legion and presently have 164 members. We have our own Club Rooms in the Memorial Hall in downtown Edmonton and meet once a month on the third Wednesday at 8:00 p.m. We presently have two members who live at Griesbach and would welcome any other girls who might like to join us.

Any interested girls who would like more detailed information are invited to phone me at HO 6-6045 any time, or write me at 9423 - 95th Street, Edmonton, and I would be delighted to tell them all about the Branch.

Thank you for your kindness.

Yours sincerely,  
 Mary C. Bishop  
 President.

P.S.: Perhaps I should mention that there will be a CWAC Reunion held in Edmonton on the third Saturday in September and any ex-CWACs who are interested in receiving circulars regarding this, should phone their names in so that they may be added to the mailing list.

## GRIESBACH COMMUNITY LIBRARY

The following books are available on a "first come, first served" basis and are recommended for adult reading:

Hawaii  
 Alberta Revisited  
 The Frozen North  
 Kontiki  
 My Several Worlds  
 Peacemaker or Powdermonkey

Pocket books, magazines and comics may be exchanged if normal operations are not disrupted. The selection of books for children has improved as a result of the purchase of 125 new books this month, however, donations are still required to reach the objective of 5,000 books; there are now 3,300 books in stock.

The request made last month that persons holding overdue books return them, is repeated; please give someone else a chance to read the book(s) you are holding. Overdue fines until January 1st, will be forgiven.

## Xmas Decora-tion Contest

Major Hennie, chairman, of the Griesbach Association, wishes to thank all residents for the work and effort they put forth on outside Christmas decorations. The whole Camp presented a true Yuletide appearance and provided the Decoration Committee with a difficult problem in selecting the winners. Although not eligible for a prize the Crib scene at Our Lady of Fatima Chapel deserves special mention.

After much deliberation and several drives around Camp, the Committee finally selected the following as the ten best decorated homes in Camp:

1st Prize. PMQ 412 — Sgt. R. C. McDonald, 15016 - 102A Street.  
 2nd Prize. PMQ 44 — Sgt. W. A. Grigg, 10215 137A Avenue.  
 3rd Prize. PMQ 123 — S/Sgt. H. F. Garnett, 13718 - 101A Street.  
 4th Prize. PMQ 571 — Cpl. B. W. Burrows, PMQ 571, Cowichan Place, 15017 - 107th Street.  
 5th Prize. PMQ 203 — QMS (WO 2) J. Hetherington, 14204 - 101st Street.

Honourable Mentions:

PMQ 318 — SM (WO 1) A. W. Steele, 10230 - 147th Avenue.  
 PMQ 439 — Cpl. S. Chorney, 15019 - 105th Street.  
 PMQ 81 — Sgt. E. K. MacKay, 13842 - 102A Street.  
 PMJ 343 — Sgt. E. M. Doerksen, 10203 - 148th Avenue.  
 PMQ 181 — Capt. D. S. Buxton, 10115 - 140th Avenue.

## ATTENTION

All members, former members or attached personnel of "The Royal Canadian Regiment"

It is planned to hold a MIXED EVENING

on Saturday, February 25th, 1961 to celebrate the Regimental PAARDEBERG DAY"

All interested personnel are asked to contact the following persons as soon as possible in order that we can complete the planning of this the first and, we hope, the finest party of this type in the west. So don't be shy, fellows. Let's show that it "CAN BE DONE."

Major R. D. Medland, DSO  
 Manning, Local 348

## Gunners Control Avalanches

A detachment of artillerymen from 2nd Regiment, Royal Canadian Horse Artillery based in Winnipeg, is on a two-month tour of duty in Glacier National Park, B.C., assisting snow research authorities of the Department of Northern Affairs and Natural Resources in their avalanche stabilization program. The gunners fire their 105-millimeter and 75-millimeter guns at targets in the Selkirk Mountains in an attempt to bring down the avalanche before it becomes too dangerous. The 105-millimeter gun, shown here in action, has been credited

with bringing down several snow slides that would normally block the Trans-Canada Highway, now under construction in Glacier National Park. Members of the crew under Lieut. Andy Greskiw, Victoria and Winnipeg, include Sgt. Robert Warrell, Winnipeg; Bombardiers Hugh Horton, McGregor, Man., and James Cowan, Winnipeg; Gunners Jerome Benoit, Cape St. George, Nfld., Lester Stevens, Yorkton, Sask., Rene Belisle, Chelmsford, Ont., and Craftsman Barry Bell, Timmins Ont.

### COMMAND HIGH IN FP — GRIESBACH IN TOP GROUP

Ottawa. — Safety awards have been won by nine out of 28 Canadian Army camps and units taking part in an international fire prevention competition for 1960. The Army entries were divided into three groups: Small units (under 1,500 personnel), medium (1,500 to 3,500 personnel) and large (over 3,500 personnel).

The annual competition is sponsored by the National Fire Protection Association, an international organization for improving the protection of life and property with more than 17,000 members in the U.S.A. and Canada, in co-operation with the Association of Canadian Fire Marshals and the Can-

adian Association of Fire Chiefs.

Depot, Cobourg, Ont.  
Large — Griesbach Barracks,  
Edmonton, Camp Borden, Ont., and  
Camp Valcartier, Que.

### ISSUE UN MEDAL

OTTAWA. — Canadian servicemen in the Congo are among the first of the United Nations troops there to receive the United Nations Medal now being issued, for service in the Congo.

Members of the Canadian contingent will be rotating to Canada during the next few months after serving in the new African nation since last August. They are being presented with the UN medal before their departure.

The medal is the same as the one issued to military observers who have served with the United Nations in Palestine, India-Pakistan and Lebanon. It bears on one side the global emblem of the United Nations and the letters, "UN". The reverse side carries the inscription, "In the Service of Peace". The medal ribbon is blue with a white stripe on each side.

### "VAN DOOS" NAMED STANDBY BATTALION

Canada's United Nations Standby Battalion beginning next April will be the 1st Battalion, Royal 22e Regiment, Army Headquarters announced recently.

The "Van Doos", based at Camp Valcartier, Que., will take over the responsibility from the 2nd Battalion, The Royal Canadian Regiment, of London, Ont., which has been kept in constant readiness to meet any international commitment the past two years.

To carry out this role, the battalion is always maintained at full strength with completely trained personnel ready for quick despatch abroad.

Early in the New Year, the 800 members of the 1st Battalion, R22eR began preparations to relieve the 2nd Battalion, RCR, of its possible U.N. role by the following spring.

In recent years, the 1st Battalion, R22eR, has twice served overseas. It was in Korea from April, 1952, to the following spring and in Germany from October, 1955, to the fall of 1957.

### WIN TROPHY

OTTAWA. — The 1st Battalion, Princess Patricia's Canadian Light Infantry of Victoria, B.C., has won the Hamilton Gault Trophy for rifle marksmanship for the year 1960. Army Headquarters announced recently.

This is the third year of competition for the trophy which was donated to the Regular Army by the late Brigadier A. Hamilton Gault. The trophy is awarded annually to the infantry battalion of the Regular Army with the best shooting record for all its members, and not merely a few crack shots.

It was first won by the 2nd Battalion, Black Watch of Canada in 1958, and by the 1st Battalion, Royal 22e Regiment the following year. In both those competitions, the 1st Battalion, PPCLI placed second.

Presentation of the trophy will be made in the near future by the Chief of the General Staff, Lt.-Gen. S. F. Clark, to the Commanding Officer, Lt.-Col. J. A. Allan.

CARRY AND SAVE      12524 — 118th AVENUE

**PROMOTED**

Edmonton, Alta. — Lieutenant Edward A. Zerbin of Regina, Sask., has been promoted to the rank of Captain, it was announced by Army Headquarters recently.

A member of the Royal Canadian Army Pay Corps, Capt. Zerbin is paymaster of the 2nd Battalion, Princess Patricia's Canadian Light Infantry in Edmonton. Prior to his present posting, he was with Western Command headquarters in Edmonton and institute accounts officer with the Northwest Highway System at Whitehorse, Y.T.

During the Second World War, Capt. Zerbin saw service in the United Kingdom, Italy and Northwest Europe.

**Young People's Assoc. News**

The second bingo of the year held by the "teens" on November 29th, was a highly successful affair. There was a fair crowd on hand, and of course, the jubilant winners. David Cooke was the first to step into the winners' circle by winning a 45 r.p.m. recording. Suzanne Starley, Beverly Thibodeau, Irene Chamberlain, Rodney Penner and Marge Moody took home some very nice long play recordings, while Rosemarie Aucoin, Frank Hobson, John Patton and Maureen Coombe all walked away with the remaining "45's." Two wall clocks and two large cases of "pop" were won by Raymond Caesar, Sherry Chatry, Bobby Lewis and Denise Warrington respectively. The grand prize of the night, that of a large and beautiful, stuffed poodle, was won by Nancy Laboucane. Trudy Luscombe won the door prize — Elvis' "G.I. Blues" Album.

No Christmas dance was held this year but a belated New Year's dance was held in the auditorium of School No. 2 on January 7th. This night was especially thrown open to parents of club members. We were pleased to be visited by Lt.-Col. and Mrs. Greene; Lt.-Col.

His wife Daisy and two children, Alice 12, and Kurt Allan 4, live at 14728 - 101A St., in Edmonton.

and Mrs. Harper; Lt.-Col. and Mrs. Green; Maj. and Mrs. Hennie; Maj. and Mrs. Osland; Maj. and Mrs. Basham; Maj. and Mrs. Middlemiss; Capt. and Mrs. Nickerson; S/Sgt. and Mrs. Budd; S/Sgt. and Mrs. Backman; S/Sgt. and Mrs. Thompson; WO2 and Mrs. Lewis; Mrs. Palmer and Mrs. Delaney. were won by Lt.-Col. and Mrs. D. A. Harper, Maj. Middlemiss and Mrs. Harper.

The Griesbach Teens have been invited to attend a dance at "Queen E" High School on January 21, and it is expected many club members will attend.

A record Hop is planned for Saturday, January 21st.

A general meeting was held in the Snack Bar Annex on Friday, January 6th. As a result of this meeting Geraldine Beck was elected as secretary, to replace Gail Donhue.

Maj. Middlemiss announced the club's balance as being \$53.00. He said this was largely due to expenditures on the Bingo, the New Year's dance, and last year's football team.

The left over food from the dance was donated to the Marian Centre.

A number of prizes were given out and the big contest was won by Jim Salmon and Vicki Pashe for their display of "Jiving." Their able opponents were Dave Delaney and Jean Kay and Bob Middlemiss with Marilyn Adnitt. The prize was an L.P. each. The spot dance winners were Dawn Foley and Heather Mills who received L.P.'s.

Probably the most sought-after prizes — two tickets to the Brenda Lee show, were won by Dave Brauti and Carol Cull in an elimination dance. Bill Lucas and Sharon MacCormick won a clock and diary respectively in a "squat dance." The adult spot dances

**RECRUITING NOTES**

Our OIC Lt. "Bob" Bridgeman is presently slugging it out in the snows of Churchill, Man., taking the Arctic Instructor Course. The Recruiters around the office fear that when he returns, he'll likely as not require that all the windows be kept open until he becomes re-climatized to our spring weather.

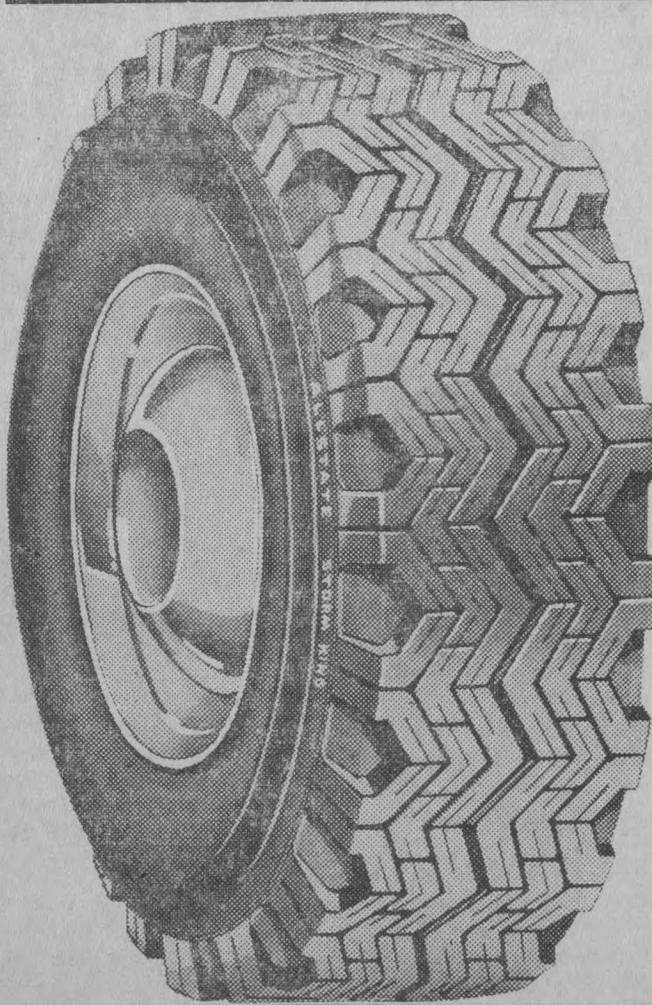

Our new 2 IC Lt. "Paul" Robison returned recently from his honeymoon spent in the States of Washington, Oregon and Bliss. The 811 Commandos wish Lt. and Mrs. Robison all the happiness that goes with the contract.

Sgts. Ken Hanson and Art Robinson are interviewing prospects for the army and trying desperately to avoid discussing their current interest, which is rock sliding. They vow that in the fall of '61 they will introduce a vacuum cleaner to the game.

Sgt. Hal Nordin had his baptism of fire in curling one evening a few weeks ago at the town of Provost where a Canadian Legion Bonspiel was in progress. He was pressed into service to take the place of a Saskatchewan team member who found himself unable to go on due to circumstances within his control. Sgt. Nordin states that he likes curling and feels the game may be here to stay.

# COMMUNITY NOTES

## COUNCIL BRIEFS

Only one Councillor was unable to attend the January council meeting. Capt. J. Taylor, Ward 2, and Mrs. G. A. Moulds, Ward 13, both new Councillors, were introduced by the chairman. In addition to his Councillor's duties Capt. Taylor also assumed chairmanship of the Recreation Committee. Major Swick, Ward 4, was appointed chairman of the Services Committee. The chairman informed council that the positions of secretary and treasurer have been combined and Mr. Dales has been appointed Secretary-Treasurer.

sociation and be presented annually to the champion of the Teens' Curling Club.

\* \* \*

Capt. Parton reported on the Rams' Football Club. He advised that the Eskimos have asked the Griesbach Young People's Association to sponsor a team in an eight-man team league (boys 15 - 19 years) and a team in the bantam league (boys 12 - 14 years). Money would be required to complete the equipment for the eight-man team. The bantam league will provide equipment but a \$200 entry fee is required. However, the CRU provides a grant of \$150 for teams in the bantam league which would be turned over to the Association. Council agreed that it should support teenage activities to the best of their ability but as other factors were involved in this particular case, they would like more time to consider this request.

\* \* \*

Council was informed that ballet bars have been installed at No. 2 School. However, further money is required to complete the job and Council voted \$35.00 for this purpose.

## 3rd GRIESBACH GUIDE COMPANY

Captain — Mrs. Joan Grant  
Lieutenant — Miss Pat Holland

A lot has been happening in the third company since the last report. We were sorry to have one of our Guides, Lorie Acton, transfer to Ontario. We have had three more Brownies come up to us, these are Joyce Rooks, Mary Vanderstraten and Diane Jourdain. Two new recruits are Jeanette MacDonald and Elizabeth Rudd. We have now reorganized into six patrols.

Captain Montalbetti came to two of our December meetings to test the girls for their Tenderfoot passing and repass. At our last meeting in December, three girls were enrolled as Guides by our Commissioner, Mrs. Murphy. At this meeting Candy Ingram was presented her Child Nurse and Laundress badges. Linda Vesey and Ann Lawlor received their 1st year service pins. Fourteen parents were present at the ceremony and remained for the party following. Three of the patrols took charge of the coffee, cocoa, and lunch and in spite of a blown fuse, everyone enjoyed the evening.

Early in January we had our first "company" hike which was a nature hike. Everyone came home very tired and wet in places from the fast melting snow. Ten girls wishing to do more of their tenderfoot tests, went to one of Mrs. Montalbetti's meetings. It is hoped that an enrollment of the successful ones can be held before the end of the month.

\* \* \*

The discrepancy in strength between teams of the "B" and "C" hockey leagues was brought to Council's attention. It was agreed that this was a problem for the league chairman and should be referred to him.

\* \* \*

The chairman placed before Council a draft copy of new Terms of Reference. He explained that the Association as presently constituted was difficult to operate. Moreover, although residents were interested, they have failed to attend general meetings and thus the Association has been prevented from passing legislation. He asked Council to review the proposed Terms of Reference and suggest changes, if necessary. Several amendments were requested by Council before Sgt. Carter's motion to approve the proposed Terms of Reference was accepted.

\* \* \*

The chairman asked Lieut. Scrut to approach the Camp Commandant concerning the problem of dogs running loose in Camp.

\* \* \*

Council voted \$50.00 to provide a large trophy and four miniature trophies for the Teens' Curling Club. The large trophy to remain the property of the Griesbach As-

## Brownie and Guide Mothers

Doris Greenley

On January 17th, the annual supper to honour Guiders was held by Brownie and Guide mothers in the No. 1 School auditorium. About 68 mothers turned out for this event which pleased our executive and gave the Guiders encouragement to carry on for another season.

The food was marvellous and in abundance. May I take this opportunity to thank each of those mothers who came to the supper, brought food and even helped out where necessary. Mrs. Hamilton, Mrs. Goodfellow and a number of other ladies arranged platters and plates of food which Mrs. Kemsley and Mrs. Mills arranged on the buffet tables. Mrs. Johnson and Mrs. Oullette made urns of steaming coffee. Mrs. Mills was responsible for the lovely table centre which drew many appreciative comments. Mrs. Ingram greeted all comers with name tags and later in the evening had everyone in stitches with the entertainment she had organized.

Two special guests at our supper were Mrs. Ridd, Division Commissioner of Guides and Mrs. Rose Williams, Ranger Captain of No. 1 Company Edmonton Rangers and staff member of Provincial Headquarters. Mrs. Williams gave a talk on Rangers which is a subject of interest to all mothers of girls from 15 to 21 years of age. Anyone interested in helping form a Ranger Company may get in touch with Mrs. Murphy.

Annual reports were printed this year with the co-operation of the Guiders who each did their pack or company report. Mrs. Murphy looked after the district report and Mrs. Marriot helped out with the printing.

Our Brownie packs are now full, therefore no further enrollments will be accepted except in the case of transfers.

Brown Guiders are spending Monday evenings in training sessions, while Blue Guiders will be training on Thursdays. On February 4th, many of these people will be attending an Area dinner which is held every two years.

A tea will be held in the Hudson's Bay auditorium on February 18th. A table is being arranged for "home-baking" and any mothers wishing to send baking for this tea, may send it to Mrs. Murphy on the 17th. Each Brownie will receive one ticket for the tea.

The proceeds of this event will go toward camp improvements and equipment.

February 21st is our monthly meeting in No. 1 School at 8:00 p.m. Be sure to bring your cup for coffee after the meeting. We invite you to bring your mending or knitting if you so desire, but do try to attend.

See you at the meeting.

## Griesbach Riding Club

A note to remind all members and future members, our year began on January 1st, 1961. Those wishing to ride at club rates on our yearly basis, are reminded we have to take the cold weather with the warm long days and it's better to pay in a monthly fee of \$3.00 per person, \$5.00 for two or \$6.00 for three and over per family year round than more expensive rates for summer riding.

There have been very few days members have not been able to ride during the winter months after school and week-ends and the sun will soon be getting a lot warmer.

We have a cutter lined up for couples or possibly three people. We would also like to get a sleigh suitable for families.

Those interested in sleighs of any kind are asked to contact me and Mr. Brewer will have an idea if it would be worthwhile financially to invest in sleighs. Right now we can accommodate large groups only.

Mrs. Salter, GR 7-5622.

## 17 Regional Ordnance Depot

Lieutenant-Colonel J. S. Ussher, CD, of Toronto, will be appointed Canadian Liaison Officer with the Chief of Research and Development Division of the United States Army in Washington, D.C., Army Headquarters announced recently.

Lieut.-Col. Ussher, formerly GSOI Headquarters Western Command, has commanded the Royal Canadian Dragoons, Camp Gagetown, N.B., since March, 1959, and will attend the U.S. Armed Forces Staff College at Norfolk, Virginia, prior to assuming his new duties in June.

## Canadian Delegations' Fastball Team

SAIGON, Indochina. — A lighter sports note from this politically unsettled peninsula is that the Canadian delegation's fastball team is

## New Fish Study May Develop Better Angling

Better angling may be in store for Alberta sports fishermen as a result of research programs undertaken by fish biologists of the Alberta Department of Lands and Forests, Fish and Wildlife Division.

Past probing of the habits and habitat of Alberta's game fish was mainly responsible for the pot-hole trout stocking scheme which has become extremely popular with the province's sportsmen during the past 12 years.

The majority of experiments are carried out at the George Creek Research Station operated by Alberta's Lands and Forest Depart-

ment in conjunction with the University of Alberta. The station is located about 20 miles west of Turner Valley.

For several years, Alberta researchers have been attempting to produce hatchery trout hardy enough to survive the first two or three crucial weeks after introduction into a stream already inhabited by native species.

Environmental factors are among the items being considered. Very preliminary reports show that hatchery fish reared in a pond of swift-moving water fare better than fish reared in a pond of slow-moving water when they are introduced together into a native stream. Biologists believe that muscle-conditioning may be a governing factor in the mortality rate of hatchery fish introduced into streams inhabited by native species. One theory is that many introduced fish die of exhaustion because resident trout occupy most of the resting places, forcing the "intruders" to stay in the open current.

The theory is supported by observation of fish that have died two or three weeks after being introduced into a stream. Most are fat and healthy, and many have stream food in their stomachs.

In experiments, researchers noted that the mortality rate of wild fish, when transplanted to a stream enclosure containing other resident wild fish, was not as high as that for introduced hatchery fish. Believing that diet may be a governing factor in building up the stamina of wild fish, biologists began examining the effect of different diets on hatchery fish. They found that fish fed a fortified vitamin pellet ration were much hardier than those fed the normal liver and meat scrap diet. The mortality rate, after stream introduction, of fortified pellet ration fish had dropped to between 20-25 percent, from the 50-60 percent mortality level of liver and scrap fed fish. These experiments are continuing.

Biologists are also attempting to determine how many fish should be planted in order to achieve optimum angler success. Fish movements are being studied by disc tagging and color injection.

Continuing projects include survey work on lakes and streams throughout the province. Food production, native population, temperature range, oxygen supply, physical and general conditions are items considered before sports fish are introduced to any body of water.

In some cases chemical prepar-

cations are used to clean out the majority of fish in a small lake or stream. New species subsequently can be introduced with a low mortality rate. One such project that has been exceptionally successful was at Beauvais Lake in the Pincher Creek area. This lake was reclaimed in 1958 and replanted in 1959 and again in 1960. Angler success last year was such that

catch at least one trout per outing, and many filled their creels in a short time.

Two other popular trout pot-holes, Muir Lake near Edmonton, and Severn Reservoir near Rockford were reclaimed recently as angler success was poor during the past summer. These lakes will be re-stocked in the spring and by fall will again be producing fine trout dinners.

## Nylon Tubular Dam

Engineers are taking a look at nylon for some key operations. A tubular dam, made of neoprene-coated nylon, spans the Los Angeles River, diverting water to an underground reservoir during the dry season. An average of this type of dam is that it collapses at a predetermined water pressure to prevent flooding when the rains come.

Fluctuating water supplies have been plaguing the authorities in southern California for years. A wooden dam was found unsuitable as it was inevitably swept away by the first heavy storm. Then the idea of a flexible dam proved the solution to the problem.

The water which would have flowed to sea is diverted to near-

by spreading grounds, percolating through the soil and purifying itself in the process. Eventually it is pumped into the city's water distribution system.

Water inflates the tube to a predetermined level and, by means of a syphoning arrangement, it gradually collapses as the water load on it increases during flood conditions. Neoprene-nylon is weather-resistant and has been found sufficiently tough to withstand abrasion by water-borne sand and rocks. Being flexible, the tube lies completely flat when deflated so that debris cannot become entangled in it.

Dimensions of the dam are 150 feet long and 30 feet in circumference.

Fabrication of the tube was accomplished by lap splicing the neoprene coated fabric and cementing with a newly developed neoprene base adhesive which air cures at room temperature.

It is secured to the concrete river channel and walls by means of stainless bolts. Following a series of tests last year, the dam was put into regular operation and is performing well.

It is estimated to recover some \$75,000 worth (2,000 acre feet) of water a year and would seem to merit imitation by irrigation and flood control agencies elsewhere.

### HOBBY PAYS OFF

CAMP BORDEN, Ont. — Professional soldier and amateur archaeologist, Private John R. Graves, 25, of Stouffville and Angus, Ontario,

### ROVER CEMENT MIX PLANT

Rover is a compact mobile cement transit mix plant. It consists of two units — aggregate and cement — each equipped with complete running gear including wheels, axles and pneumatic tires for fast, easy attachment to tractor. Wheels remain attached to both cement and aggregate units during operation.

It is 8 feet wide and 13 feet high to permit highway travel without special permits.

During moves, the charging hopper and batcher on the cement unit remain attached. When the cement unit is erected, hopper and batcher hinge into position over discharge hood.

picked up some souvenirs while serving in Egypt that are more colourful mementos of that ancient land than the customary picture postcards.

During his tour of duty with the United Nations Emergency Force in the Middle East, Pte. Graves visited antique shops in Jerusalem and Cairo where he bought some interesting bronze blades and stone scabbards. Having done considerable reading of Egyptian history, the young transport driver of the Royal Canadian Army Service Corps had a hunch that his 11 pieces were worth more than the purchase price.

In December, a few months after he returned to Camp Borden, Ont., Pte. Graves was curious to find out just how authentic his souvenirs were. So he took them to the Royal Ontario Museum in Toronto for examination.

After careful scrutiny, the Curator of the Near Eastern Department advised him that most of the articles were genuine relics of an ancient civilization and quite valuable. The museum said it would be pleased to own one particular item. It is a large, green scarab (a seal in the form of a scarab beetle) which the experts think belongs to the Hyksos period, about 1800-1600 B.C.

The museum stated that the five bronze blades in the soldier's collection were undoubtedly Palestinian of the Middle Bronze Age, about 2000-1550 B.C.

The antique artifacts have been returned to the budding Egyptologist and Pte. Graves is boning up on the history of the Pharaohs with renewed zest.

### NEW BLANKS

Ottawa. — Officers of the Army Development Establishment in Ottawa have developed a new method of employing industrial machinery to produce plastic blank, small arms cartridges by blow moulded techniques, Army Headquarters announced recently.

These cartridges will consist of a blow moulded plastic outer case, containing an interior envelope to hold the powder charge. The bottom of the outer case will be internally threaded to accept a metal case containing the cartridge cap.

### MIRA-PAK

Mira-Pak, an automatic potato chip bagging machine, can package chips at the rate of 50 bags a minute, 25 bags from each of two sections. Freshly cooked chips move on a conveyor to the wrapping machines where they are weighed in appropriate amounts for any of three bag sizes —  $\frac{3}{4}$  ounce,  $1\frac{1}{2}$  ounces, and 4 ounces. Once the chips are weighed they drop into movable scoops which guide them to tubes made of cellulose film.

These tubes of film are formed from rolls located in the back of the machine. They are made into duplex bags by having a plain-film tube formed inside one of the printed film. The duplex tube is fed to filling stations where it takes the shape of metal tubes. It is into these tubes that the chips drop.

The bottom of the bag is held in place by an arm. An air jet opens the bag and also helps prevent damage to the chips by permitting them to flutter down easily. Both top and bottom of the bag are sealed automatically. The finished package slides gently onto a small conveyor which carries it to a shipping table where the packages are placed in cartons.

### WONDERGRAM

Wondergram, is a new pocket-sized portable record player. This completely transistorized phonograph needs no turntable and plays all popular sized records selecting 33 one-third or 45 r.p.m. speeds automatically. It fits easily into the palm of your hand and weighs less than two pounds including the standard flashlight batteries. It automatically turns itself on or off, by means of a micro switch actuated by the pick-up arm and its motor is said to be lubricated for life.

### CATALOG RACK

Eight inch Catalog Rack lends itself to promotional programs for manufacturers and distributors interested in a low cost binder. Each rack is equipped with binding clips which permit easy changing and an advertising message can be imprinted on the front of the rack. All parts are made of steel and adjustable side wings are supplied to tailor-fit the rack to present needs from a few inches, to the full eight inch capacity.

## PROVOST GIFT

As an annual Christmas activity, members of the Canadian Provost Corps in Western Command, stationed at units spread from eastern Manitoba to Vancouver Island, present a cheque to a school for the blind. Here a cheque for \$300.00 is presented by Western Command Provost Marshal, Major R. I. Luker. Tallest girl plays the saxophone in the school band. From the left, Mr. C. E. MacDonald, principal of the Jericho High School for the blind, Lance Corporal Evan Roberts, Sharleen Wadell, age 6, Lance Corporal Joe Rail, Gail Brewer, age 11, and Major Luker. ## Chapel News

### OUR LADY OF FATIMA CHAPEL

It is regretted that our chapel news was omitted last month as was presented too late for the deadline for printing. So sorry.

However as the old saying goes, better late than never, and the activities for the month of December have been included in this issue.

A Christmas party was held by the members of the C.W.A. in the chaplain's quarters. The evening was spent in playing games and during the course of the evening gifts were exchanged among the members. Although the evening was spent in the gay mood, some time was given for the serious side of life when the members of the C.W.A. bid farewell to one of its valuable members, Mrs. Mary McDonald, who has moved from the Griesbach Area to the big City of Edmonton. Mary was presented with a cup and saucer. Good luck, Mary, in your new surroundings. Before retiring to our homes, a delightful lunch was served by the social committee.

Midnight Mass on Christmas Eve was celebrated by the Command Chaplain, Lt. Col. Ritz, assisted by Father St. Arnaud and Father Murphy. The chapel was nicely decorated in the Christmas theme and prior to the commencement of the Mass, a procession was held where the altar boys appeared for the first time in their new cassocks, there being 34 boys in white and four in red hassock. The altar boys and the Celebrants escorted Roxanne Delaney (who represented an angel) carrying the infant Jesus to the crib for the unveiling. The unveiling was conducted by the Command Chaplain Lt.-Col. L. S. Ritz. The choir under the leadership of the choir master are to be congratulated for their singing of the Mass on Christmas Eve. (A good job well done).

Congratulations are being extended to S/Sgt. and Mrs. Camerilli for the recent addition to the family. We understand this one is a boy.

The regular monthly meeting of the C.W.A. was held in the Chaplain's Quarters on January 10th. The meeting was called to order by the president, Mrs. Lee Taylor, who led the members in the recital of the Rosary. Minutes of the previous meeting were approved. The treasurer's report was presented. Discussion was held during the meeting regarding ways to raise money for the C.W.A. This

subject will be the topic for the next meeting. Many thanks goes out to the Catholic families who so generously made donations for the Marion Centre. At the close of the meeting lunch was served by Mrs. Lewis, Mrs. Wozny and Mrs. Kocum. The winners of the raffle for the months of December and January were Mrs. Budd and Mrs. Delaney.

The next meeting of the C.W.A. will be held in the Chaplain's quarters at 8:00 o'clock on Tuesday, February 7th. New members or would-be members are invited to attend.

Sunday, Feb. 26th., 0900 hrs. —  
Holy Communion ACC.  
1100 hrs. — Morning Worship.  
1200 hrs., Holy Communion UCC.

St. John's Chapel held its annual Congregational Meeting on the 15th of January in the Chapel Conference Rooms. Before the meeting, an evening devotional service was conducted by the Command Chaplain, Lt.-Col. J. W. D. Duncan. Col. Duncan spoke on the topic "A Man Bearing a Pitcher of Water" showing how unusual this act was in the East and building up with a Christian man's relationship to his home, his Church and his business. An important part of the meeting was the election of the Chapel Committee or Church Council for 1961. The following are the new committee:

Chairman — Lieut.-Col. D. M. C. Saunders  
Vice-Chairman — Maj. A. Osland  
Secretary — QMS (WO2) L. C. Schoonover  
Treasurer — Lt. A. P. Jessome  
Sgt. R. M. Sheppard; Sgt. J. R. Adams; Lt. R. E. Montalbetti; Mrs. J. Roe; Mrs. R. G. G. Buell.  
Reports of the Chapel Organization were given. The Sunday

School report, presented by the Superintendent, WO 2 F. Rutherford, showed an increase in attendance and a continued need for teachers.

The Sunday School Pageant and White Gift Service was the highlight of the Sunday School year being well-attended and with a fine performance by the children. \$50.00 and five large cartons of White Gifts were given to charity.

The Choir report showed a Junior Choir of 40 with a waiting list of 5 and a Senior Choir of 17. There continues a pressing need for a regular Chapel organist.

The complete report of the Women's Auxiliary is found elsewhere on this page. The Chaplains in their reports indicated a continued growth in life and work of the Church.

There are two coming special events. One is the Men's Missionary Project. The Service Chapels across Canada have undertaken the education of two young men from Nyassaland. These men, Elijah Mkhupela and Jackson Gomani, have already begun their studies. Mkhupela is studying at the Keppelville Agricultural School, about 35 miles south of Ottawa. Gomani is a student at Ottawa Technical School where he is taking mechanics. He recently made 98% in an Algebra test and felt he had not done well. He reasons that mathematics is an exact study and either you know it or you don't. If you know it, you should have a perfect paper! St. John's Chapel plans to help these young men and at the end of February a campaign is to be launched.

On April 23rd, Dr. Constance Jackson, retired missionary doctor from the Velore-Ludhiana Hospitals in India, will visit Griesbach and speak in St. John's Chapel. Dr. Jackson spoke to the Women's Auxiliary on her last visit here and made a tremendous impression on all who met her.

##### Confirmation Classes

Easter Confirmation Classes are beginning the last of January. Those wishing confirmation at Easter time, should contact the Chapel Office, Local 533, as soon as possible.

##### THE PADRE.

#### PRESSED INTO SERVICE

A stock wedding story has the bridegroom, in replying to the toast to the bride, rising and placing his hand on his bride's shoulder and saying: "This thing has been thrust upon me."

A good many of us often feel this way about the Church. And why not? Because this is often what the Church does for us. It was one of the maxims of the early followers of Our Lord that they should go out "into the highways and byways and compel them to come in." Some of the ablest sailors of bygone days were those pressed into service by the infamous press gangs. Some of

the greatest saints of the Church have been those who, unwillingly, dragged by the scruff of the neck and kicking their heels at it were, have been called to God's work. This is the case of one great modern Christian writer, C. S. Lewis, who started out to tear apart Christian teachings and became a believer — against his will. In his biography he says he was "surprised by joy."

So when the call comes — and come it does to all of us — may we too be "surprised by joy" and find our place in the great work we are privileged to do.

#### FIRST GRIESBACH BROWNIE PACK

Snowy Owl — Doris Patriquin  
We have had rather a busy programme so far this year.

On November 21st six Tweenies were enrolled as Brownies, at which time we invited the Mothers and Dads to visit with us. Those being enrolled were Evelyn Gainsforth, Rhonda Steil, Sharon McDougall, Heather Fox, Barbara Kitchen and Donna McKercher. On the same evening Joyce Hall was presented with her Golden Bar badge.

We have had two Brownies fly-up to Guides — Patricia Patterson on October 18th, and Karen Hall on October 24th. Good luck, girls!

On October 31st we had a very enjoyable Hallowe'en Party.

Our last meeting for 1960 was held on December 19th. At this meeting Anne Runge was enrolled as a new Brownie, then we had

a Christmas party, completed by a surprise visit from Santa Claus.

During the Christmas season our Brownies donated money to buy fruit, gifts, etc. for a Christmas box and basket which was given to a very lonesome elderly gentleman in the University Hospital.

We have two new Tweenies, Clara Bremner and Cathy Morrow, ready for enrolment at our next meeting. This will bring our pack up to an enrolment of twenty-five, seven of which are Golden Bar Brownies.

## LADIES' BASKETBALL LEAGUE

At a recent meeting, the Griesbach Council was approached regarding the possibility of starting a Ladies' Basketball League in Camp. With the thought that there were perhaps many teenage girls and ladies interested in playing basketball, Council agreed to explore the accommodation situation and also the possibility of obtaining instructors.

In order to establish if there is an interest in such a league, it is requested that all teenage girls and ladies from age 15 and up, wishing to play basketball, contact the Griesbach Association Recreation Chairman, Capt. J. Taylor, at GR 9-8411, Local 213.

If there is sufficient interest, it is possible that a teenage and an older ladies' league could be started.

## GRIESBACH BADMINTON CLUB

On January 18th the club members organized a doubles competition and Bob Comfort and Tony Hawkins came out on top.

The club members are becoming really socially inclined these days for we entertained the members of the Namao Badminton club on the 25th of January. The evening activities consisted of singles and doubles matches and we came out of these events with our heads raised high. During the evening refreshments were served by the lady members. Thank you, ladies, for such delicious contributions.

The Junior members were hosts to the Namao Junior Badminton club on January 25th and from all reports a grand evening was had by all.

The University of Alberta have challenged us to a competition in singles and mixed doubles, dates to be made known at a later date.

The two top single members on top of the competition ladder, Ricky Boucaine for the Juniors and Norm Adamson for the Seniors are still "king of the castle." We wonder how long this will last with the new members that are joining the Junior and Senior portions of the club.

## 'TEEN CURLING

Organization of the Teen Curling Club is now completed and all indications point to a very successful season. Twelve teams have been formed with eight teams curling Friday night and four curling Tuesday. By the action of the Junior curlers, they seem very enthusiastic about this winter sport because for many teens this is the first go at curling. They might not show it, but they do feel honoured being part of the Curling Club.

The first round robin of the season has been completed, and while the teens still experience a little difficulty in "reading the ice and signs" there have been some very good games played with the calibre of curling improving with each game.

Here is the standing of the 12 team at the present time:

Team	Wins	Losses
Wayne Armstrong	6	2
Robert Patterson	6	2
James Schellenburg	5	4
Dave Lewis	5	3
Rick Lewis	5	3
Joseph MacLellan	5	3
Sharon McCormick	5	3
Robert Small	4	4
Robert Lucas	4	5
Doug Arril	3	5
Bud MacLellan	2	6
Sandra Werth	1	7

As you can well see Wayne Armstrong's team and Jim Schellenburg are tied for first place and Sandra Werth in the basement.

## BOXING

The Boxing Card run by the Griesbach Boys' Boxing Club on Saturday, January 21st, was really something to see. Sixteen bouts were run off without a hitch and the organization was terrific with no slack periods or waste of time anywhere in the programme.

During the intermission 8 members of the RCAF Judo Club, Namao, put on a Judo demonstration. This was most entertaining as the majority of the crowd had never seen Judo before. Speaking of crowds, there were approximately 400 in attendance and the best turnout ever.

Following the bouts, awards were presented by Capt. Youmatoff, Protestant Padre 2 PPCLI, to the following:

Colin Ross (Federation Boxing Club) — Best Junior Boxer.

Sandy Dunn (Federation Boxing Club) — most sportsmanlike Boxer.

Doug Harding (Griesbach Boys' Boxing Club) — most improved Junior Boxer.

Throughout the evening, the band of PPCLI entertained the spectators. The boxing song really got the crowd into the mood. Our sincere thanks to the band for helping to make the card a success.

### Results of the Boxing:

50 lb. — Billy Harris (Griesbach) won over Billy Gragier (Griesbach).

55 lb. — Richard Harris (Griesbach) lost to Roger Levesque of Griesbach. A real thriller to the last bell.

85 lb. — Dennis Laboucaine of Griesbach won over Sandy Dunn of Federation.

60 lb. — Bobby McNab (Griesbach) won over Garry Provender (Griesbach).

60 lb. — Jackie Gilday (Griesbach) won over Philip Levesque (Griesbach).

65 lb. — Jacques Provender of Griesbach won over John Cormack (Griesbach).

70 lb. — John Woodcock (Griesbach) won over Frank McNab of Griesbach.

88 lb. — Warren Walker (Griesbach) lost to Tim Bateman (Griesbach).

78 lb. — Barry Thibodeau of Griesbach lost to Colin Ross of Federation. A real set-to-both boys really going at it.

85 lb. — Mike Irving of Griesbach lost to Len Wahlund (Jasper Place) by a TKO. Mike got hit on the nose and kerpow.

90 lb. — Doug Harding (Griesbach) lost to Sonny Christianson (Jasper Place). One of the best bouts of the night. Doug's first appearance against a boy who has had seven fights. Congratulations, Doug, on the good showing.

Feather — Pte. Howie Hobbs (2 PPCLI) lost a squeaker to Wayne Powell (Jasper Place) by decision. A real rough fight.

Light — Pte. Eli Whitehead of (2 PPCLI), won over Terry Chrepko (Federation).

Light Welter — Pte. Bill Hokan (2 PPCLI) lost to Bill Titley (Jasper Place). A real good fight.

Welter — Pte. Otto Hartman (2 PPCLI) won over Lyle Rumpf (Federation) by KO. The shortest fight of the night.

### Officials Taking Part

Referees — S/Sgt. Brister (PPCLI Depot) and Mr. Don Williams.

Judges — Comd. Bosn. G. Hogg (RCN); CSM (WO2) Rudd (2 PPCLI) and S/Sgt. Kennedy (PPCLI Depot).

Master of Ceremonies — RSM (WO1) Coutts, 2 PPCLI.

Our sincere thanks go out to all the boxers taking part; the ring technicians, trainers, dressers, ticket sellers, the band, fatigue parties, Griesbach Association, 2 PPCLI and PPCLI Depot, etc. for making the card such a success. The Griesbach Boys' Boxing Club is forever grateful.

## Ladies' Curling League

On December 20th, a noveltyspiel was held by the Ladies' Curling League, with the Lucas' rink consisting of Corinne Lucas, Helen Kemsley, Mabel Stutt and Joey Carter, winning the event. They are now the proud possessors of matched sets of glasses.

On the same day, the draw was made for the hamper of groceries which was donated by our members and the holder of the lucky ticket was Capt. Youmatoff.

We have now completed our first Round Robin and are pleased to report that we have suffered neither casualties nor loss of enthusiasm. It appears that the rinks to beat are the winning Lucas rink and the Morrow rink who finished up in second place.

In our second Round Robin, strong rinks have been tempered by beginners and others strengthened by the acquisition of the old hands. —

Before this column appears in the next issue of the Bugle, we shall be well on the way to naming a championship rink in the first Griesbach Ladies' Curling League. Our trophy with miniatures has been donated by Mr. Blake Forrest, President of Edmonton Brokers, through the good offices of Lt. Jack Vesey.

An Invitation Day has been planned for January 26th and four rinks from Lancaster Park have accepted the challenge. The sterling efforts of all members of our club will ensure that our guests are entertained in keeping with the fine reputation of all members of the Griesbach Community.

We wish at this time to express our appreciation to Mrs. Botfield who so ably supervises our little ones.

One of the unsung heroes in any curling rink is the ice-maker, so to Mr. Leyenhorst goes a special vote of thanks for his untiring efforts in ensuring that we have good ice and plenty of hot coffee.

## STATISTICS ON GOLF

**Number of Golf Clubs in Canada:** 675, 9 and 18-hole clubs (20% private), 7% semi-private, and 1% public or municipal. Over 40 new courses came into play during 1960 with a considerable number in the planning and construction stage. It is difficult to give figures on the growth of golf during the past few years except to state in 1954 we had 345 member clubs and in 1960 the figure stands at 463 member clubs in Canada, the 1960 figure broken down per Province, as follows:

British Columbia	45
Alberta	38
Saskatchewan	28
Manitoba	43
Ontario	175
Quebec	92
Nova Scotia	22
New Brunswick	-
Prince Edward Island	20
	463
Plus 1 member club in Bermuda	1
	464

No figures are available on the breakdown province by province on the increase in member clubs per year since 1954 but the following may be of interest to you:

Year	Member Clubs Across Canada
1954	345
1955	365
1956	391
1957	410
1958	415
1959	443
1960	463

(as noted above)

### Number of Golfers in Canada:

Approximately 375,000 golfers in Canada (70% male) broken down into Provinces, as follows:

British Columbia	32,000
Alberta	29,000
Saskatchewan	21,500
Manitoba	26,500
Ontario	154,000
Quebec	96,000
New Brunswick	6,000
Prince Edward Island	3,500
Nova Scotia	4,500
Newfoundland	1,500
	375,000

This figure of 375,000, includes club members and green fee players. The major golf clubs in cities have in excess of 1,000 members. The number of players have doubled since 1948, and there are approximately 7,500 new golfers per year. Also, more women and juniors have been playing golf than ever before and, in 1958, the number of women golfers increased by 25%.

Junior Golf has increased tremendously since the inception of National Golf Day in 1952. In Ontario, 860 boys competed in

## OFFICERS' MIXED CURLING LEAGUE

Flash! Ossie hits hot streak and wins two!

As predicted in our last news letter the Oslund rink might well be the straw to break the camel's back. With successive wins over the Swick and Youmatoff rinks, neither of which can be treated lightly, the league standing has tightened and at press time reads as follows:

	Won	Lost
Lucas	7	.2
Callaghan	7	.2
Small	7	.2
Coates	6	.3
Hamilton	6	.3
Swick	5	.4
Brandy	5	.4
Youmatoff	5	.4
Jessome	4	.5
Holmes	4	.5
Werth	4	.5
Lawford	3	.6
Hughes	3	.6
Duncan	2	.7
Oslund	2	.7
Howard	2	.7

Plans are being made by the committee to run the annual league bonspiel on the 18-19 and 25-26 February, following which normal league play will be continued. This is being done to accommodate many members who must be absent during the month of March.

The wind-up party for the year is being planned for April 15th, when prizes will be presented.

# Higher Education

(Continued from Page 2)  
versity. Applicants must indicate their preference of Service College or university when applying. There is no guarantee that all applicants who apply for a university, will be permitted to do so. However, the chances of getting to university are excellent.

## The Services College

Academic training is offered at Royal Roads, Victoria, B.C., Royal Military College, Kingston, Ont., and College Militaire Royal de Saint-Jean, Saint-Jean, Quebec.

A full four year university programme in Arts, Science and Engineering (all branches) is offered at the Services Colleges. It must be appreciated that courses of study especially in Science and Arts is more limited than at a civilian university. However, the more popular courses are available. Full details can be obtained by writing the Registrar of the appropriate Service College.

For senior matriculants, the programme of study covers four years. RMC offers the full four-year programme. Royal Roads and CMR offer only the first two years. Cadets attending these latter two colleges must complete the final two years at RMC. For junior matriculants the programme of study is five years. The first three years are spent at CMR and the final two at RMC. The first year at CMR is a preparatory year designed to bring the cadet to senior matriculation level.

Junior matriculants should possess matriculation standing in the following subjects: English, French, Algebra, Geometry, Physics and Chemistry. Senior matriculants should have matriculation standing in: English, French, Physics, Chemistry, Mathematics (Algebra, Geometry and Trigonometry). Consideration is given to students who do not possess standing in French.

The first year of the four-year programme is a common course for all cadets. It is a balanced programme including both Arts and Science subjects. At the end of the first year cadets must select between Arts, General Science or Science and Engineering. Course patterns for these options are followed in the second year. In the third year complete specialization begins. General Arts, Honors Arts, General Science, Honors Science and Engineering (five branches) are offered. Patterns selected in the third year are continued in the fourth year.

Degrees are offered at RMC in Arts (BA) and Science (B.Sc.). In the near future degrees will be granted in Engineering and applied Science. Until this time graduates will be sent at government expense to a civilian university for a final year to obtain their degree.

In addition to academic training and development, stress is also placed on the development of leadership and other qualities expected of an officer. Eighty-five per cent of a cadet's time at the Services College is devoted to academic training. The remaining time is devoted to drill, military studies, physical training and games.

The cost of tuition books and instruments for the four or five years is automatically paid each year by the Department of National Defence. Room and board is free at the Services Colleges and at the place of summer training. Each cadet receives \$63.00 each month as pay. Uniforms and free medical and dental treatment are also provided.

## ROTP Training at Universities

Candidates who are selected to attend a civilian university can select courses from the following: Arts (General and Honors), Science, Commerce, Dentistry, Business Administration and Engineering. The choice of courses and patterns open to a cadet at a university is more varied than at the Services Colleges. However, cadets will not be subsidized in certain faculties such as Law, Agriculture, Veterinary Science, etc.

It is the responsibility of each candidate to acquire the matriculation standing in the subjects required for his choice of course and to seek admission to the university concerned. Each candidate must be admitted unconditionally to the university concerned.

The limitation on the period of subsidization is four years for a senior matriculant and five years for a junior matriculant. However, a further limitation is imposed depending upon the nature of the course. For example, if a senior matriculant is admitted to the University of Alberta in a General Arts course leading towards a degree in three years, he will not receive more than three years of subsidization.

If however this same student were to be admitted to an Honors Arts course with a degree in four years, he would receive four years of subsidization. In brief, the period of subsidization depends upon the length of the initial course selection, but in any event can not exceed five years for a junior matriculant and four years for a senior matriculant.

The cost of each year's tuition and fees is paid each year by the Department of National Defence. Each cadet receives a grant of \$75.00 per year for the purchase of books and instruments. Unlike the Services Colleges, free room and board is not available at universities. Therefore cadets receive a monthly living allowance of \$65.00 while in attendance at a university. This allowance is not paid during the summer months when room and board is provided at the place of summer training. Cadets receive \$63.00 pay each month. In addition uniforms and

free medical and dental care is provided.

ROTP dental students must purchase dental instruments and supply kits each year. The cost of these kits over a four year period amounts to approximately \$1160.00. The complete cost of these kits is borne by the Department of National Defence.

## Application and Selection

All young men who are interested in ROTP whether it be Service College or university, may make their application to any Canadian Army Recruiting Unit any time after January 1st, 1961. All applications must be received before July 1st, 1961. Eligible candidates will be medically examined tested and interviewed between May and July of 1961. Final selections, based on selection interviews and final academic marks will be announced during the latter part of August. Successful candidates will be enrolled in the Canadian Army as Officer Cadets. Cadets are promoted on graduation to commissioned rank of Lieutenant.

## Canadian Forces Medical Subsidization Plan

A young man who plans on making medicine his career, can look forward to a lengthy struggle both academically and financially. As an example at the University of Alberta, for the degree of Doctor of Medicine, a student must spend two years in a pre-medicine course. Generally if he obtains an overall average of 65% or more in his two pre-medicine years, he is eligible to apply for admission to the Faculty of Medicine. Four years in Medicine and one year internship in a hospital follow.

The cost of the four years of Medicine is \$6,500, this includes room and board. The cost of the two pre-medicine years and the year of internship is additional expense.

The Canadian Forces Medical Services have a subsidization plan open to a limited number of students each year. It provides for complete subsidization and pay allowances during the last three years of university and during the year of internship.

Successful candidates are enrolled as Officer Cadets. They remain Officer Cadets for the first 12 months. Rates of pay and allowances during this period are the same as for a university ROTP cadet. At the end of the first 12 months cadets are commissioned as second lieutenants, and remain second lieutenants for the remainder of their period in the plan. Rates of pay and allowances are as follows: Pay — \$225.00 per month; Allowances: single — \$75.00 per month.

Married and entitled to marriage allowance — \$150.00 per month. Subsistence allowance is only payable while at university when room and board is not provided. A grant of \$75.00 each year for the pur-

chase of books and instruments and free medical and dental care is also provided.

All military training is confined to the summer months. Cadets and second lieutenants are not obliged to attend training parades during the university year.

At the end of the internship year and when licensed to practice medicine, second lieutenants are promoted to the rank of Captain. They are obliged to serve for three years on graduation, at which time they may elect to remain with the Army or apply for release.

To be eligible for subsidization applicants must possess the citizenship qualifications outlined for ROTP; must be 18 and not have attained the age of 27 on application; must meet the Army physical and selection standards for medical officers; must be academically acceptable, without condition to the next higher year of the medical school. Married students may be enrolled but will not be eligible for marriage allowance until they have reached their 23rd birthday. Applications may be made to the University Support Officer (Army) at the university concerned at any time after their final examinations in their last non-subsidized year.

## NEW APPOINTMENT

Staff Sergeant Stan Beck of Toronto, has been granted the appointment of Quartermaster-Sergeant. A member of the Royal Canadian Corps of Signals, QMS Beck has been employed with the Alberta Signal Squadron in Edmonton since 1959. He enlisted in 1942 and served in the United Kingdom during the Second World War from 1944 to 1946, in Korea and Japan from 1953 to 1954 and with the Canadian Delegation in Indochina from 1957 to 1958. He will now be employed with Headquarters Royal Canadian Signals at Western Command headquarters in Edmonton.

His wife Helen, daughter Geraldine and son Stanley live at 14212 101st Street, Edmonton.

## POSTED TO THE CONGO

monton. All this training will be climaxed by Exercise Snow Chin-the 2 to be held sometime in February at a location to be announced.

## Officers' Mess

No major events have been held in the Mess since the Christmas season. On Wednesday, February 1st, an informal Members' Night will be held to better acquaint Honorary, Associate, and Ordinary Members. A buffet supper will be served and facilities will be available following the supper for a variety of games.

## Sergeants' Mess

Since the highly successful New Year's Eve party the Mess has held no special functions. The weekly Bingos have recommenced and good turnouts of members and guests have been the rule. Bingo commences at 2000 hrs. each Saturday. Members of other Sergeants' Mess in the area are welcome to attend.

## Corporals' Mess

With the commencement of the new year the Lance Corporals have been brought back into the Mess. We take this opportunity to welcome them.

A Euchre Tournament was held in the Mess on the 15th of January. First prize winners of \$5.00 were Cpl. R. D. Fraser and L/Cpl. R. Ericsson. Second prizes of \$3.00 went to Cpl. G. McCord and Cpl. R. D. Steadman. It is hoped to hold more of these tournaments in the future.

No other functions were held in the Mess during January but a Cash Bingo and Dance is planned for the middle of February. Further details concerning this function will be made available at a later date.

During January the Mess was sorry to lose Cpl. W. Hanson and Cpl. W. Webster, both posted to Western Command. Our best wishes go with them.

## 2nd BATTALION PRINCESS PATRICIA CANADIAN LIGHT INFANTRY

During January the Battalion underwent winter warfare, airborne, and portability training in the Edmonton area. In addition, a ration trial was held in Camp Wainwright for which fifty personnel were provided. During the trial, which took place during the 4th to 17th of January, normal winter training was carried out by the troops involved.

Exercise Shakedown 2 was scheduled for the 16th to 20th January in Camp Wainwright but had to be postponed because of lack of snow at the centre. Plans at the time of writing, call for Shakedown 2 to be held at Camp Wainwright during 23rd to 27th January.

An airborne company-group exercise was held in the area of Drop Zone "Delta" on the 17th of January. Approximately 100 parachutists, including members of 1 AB Signals Troop and 1 AB Medical Section were dropped. On the 18th of January 30 parachutists were dropped, again on Drop Zone "Delta."

Rifle companies have been holding two and three day exercises in the countryside surrounding Ed-

## 1st GRIESBACH "D" PACK

Cub Master — C. E. Buckley  
Phone GR 7-1251  
A/Cub Master — G. Brown  
Phone GR 9-5852

We are ashamed for being behind in our news for this year, however we shall attempt to bring the events of the past up to the present.

Our first meeting was held on September 23rd. With the beginning of the new season we like to say farewell to the following Cubs:

Transferred to other Packs — Tim Comeau, Joe Sanderman, Roy Sanderman, Ken West, Marc Grenier, Luc Grenier, Guy Grenier, Barron McKay, Anthony Maillard, Delmer Deugau.

Up to Scouts — Jimmy McGuire, Bob Buckley, Brent Wood.

Left Pack — Carl Hoare, Gordon Chatry, Carl Curtis, Keith Darling, Brian MacLellan, Lawrence Goddard, Freeman Willerton.

We welcome in these new Cubs:

New Chums — Jimmy Daines, Billy Alexanderson, Luc Grenier, Ace Laboucane, Alan Bolster, Marc Grenier, Michael Gilday, Ricky Ryall, Cameron Reid.

Transferred In — Leonard Reid, Donald Shannon, Doug Porcina, Guy Grenier, Billy Reid, Peter Fox, Jim Covey, Jack Walker.

Promotions — Sixers: Billy Reid, Chris Green, Wayne Sisson, Bruce Mazerall.

Seconds: Bob Provencher, Jack Gilday, Richard Ceasar and Larry Sales.

Invested — Jimmy Daines, Ricky Ryall, Michael Gilday.

2nd Star — Bruce Mazerall.

Proficiency Badges —  
Collectors: Bob Provencher and Bruce Mazerall.

Gardener: Bruce Mazerall.  
Artists: Chris Green, Billy Reid.  
Homecraft: Guy Grenier.  
Swimmer: Chris Green.  
Team Player: Richard Ceasar.  
In December we took one Saturday and went on a long hike which was enjoyed by all the Cubs that participated.

We celebrated the festive season on December 23rd with a party which all enjoyed. Games were played, prizes and present were given, and the goodies were abundant.

We are happy to see Scouts Bill Jowett and Tom Pratt receive their Cub Instructors' Badges. These two Scouts have been with the Pack from September until Christmas. Many thanks and Good Hunting from "D" Pack.

Scout Robert Webb is now with the Pack working for his Cub Instructor's Badge.

17 ROD has had a few promotions within the last few months. Cpl. Dalziel, Cpl. Porcina, Cpl. O'Hara and Cpl. Webb. All to A/Sgts.

We were all glad to hear that there was a son born to Capt. and Mrs. J. O. Rooke and a daughter to Pte. and Mrs. J. L. Grazier.

L/Sgt. Bunning has left for Montreal on his Senior NCO course and Pte. Isaac on his Storeman course. We all wish them the best on their courses.

Mrs. J. Pavey is expecting a baby in May and has left this unit. Mrs. D. Parks departed in December.

By the end of January all personnel of 17 ROD will have had the St. John's Ambulance First Aid course and by the middle of next month three-quarters of the personnel will have completed the National Survival Auxiliary Police Training course being held at 14 Coy RCASC.

#### • CURLING—MEN'S LEAGUE

It's halfway time in the 2nd round robin series with all rinks finding their stride and some very good matches being played.

The Club "British Consols Play-downs" have been played with the rink of Major A. J. Callaghan (skip), F of Wks (WO 1) Lou Jarvis (third), Sgt. Ken Hanson (second) and Major W. J. Bramston (lead) winning over Sgt. Joe Willetton's rink in a close game with Major Callaghan coming home with one down, with last rock and laid two.

Major Callaghan's rink will now represent the Club at the zone playoffs late in January or early in February. Good luck!

All invitations have gone out for the Western Command Invitational Open Bonspiel to be held in Edmonton on April 7th, 8th and 9th. Please make sure your entry form reaches the secretary of the Bonspiel Committee by February 28th. The entry fee is \$20.00 per rink. The Bonspiel is limited to 88 rinks.
